KAMARAJUGADDA H V N S ABHIRAM

Java Backend Developer | Spring Boot | MySQL

abhiram.kamarajugadda4@gmail.com | +91 9390783166 | GitHub: Haaseth-Abhiram-K

PROFESSIONAL SUMMARY

Computer Science Engineering graduate (SRM University AP, 2026) and entry-level Java backend developer with hands-on experience building role-based, database-driven web applications using Spring Boot, Spring MVC, Spring Data JPA, Servlets/JDBC and MySQL, backed by strong fundamentals in OOP, DSA and DBMS.

TECHNICAL SKILLS

Languages: Java, SQL, C, C++
Backend & Frameworks: Spring Boot, Spring MVC, Spring Data JPA, Servlets, JSP/JSTL, JDBC
Core Java: OOP, Collections Framework, Exception Handling, Multithreading
Database: MySQL
Frontend: HTML, CSS, JavaScript, React, Bootstrap
CS Fundamentals: Data Structures & Algorithms, DBMS, Operating Systems

PROJECTS

ExamSphere – Online Examination System | *Spring Boot, Spring MVC, Spring Data JPA, JSP/JSTL, MySQL* 2026

- Built a Spring Boot web platform that manages the full examination lifecycle: exams, users, questions, answers and results.
- Implemented separate Admin and Student workflows, with admins managing exams and questions and students attempting exams and viewing results.
- Persisted exam, user and result data in MySQL through Spring Data JPA entities and repositories for clean, repository-based data access.
- Structured the application on Spring MVC controllers with JSP/JSTL views to keep business logic separate from presentation.

Online Quiz Management System | *Java, JSP, Servlets, JDBC, MySQL* 2026

- Developed a role-based quiz platform with student registration/login and admin-side question management using Java Servlets and JSP.
- Engineered MCQ quiz delivery with automatic scoring and persistent result tracking for every attempt.
- Designed a DAO layer over JDBC for MySQL integration and used HTTP session management to maintain authenticated user state.
- Built student dashboards displaying previous scores, best score and total attempts.

EXPERIENCE & TRAINING

Edunet Foundation | *Internship* May 2024 – Aug 2024

- Analyzed a used-car dataset to identify the key factors driving vehicle prices.
- Built predictive models to estimate car prices from the identified features.
- Created charts and visual reports that translated findings into insights to support decision-making.

Salesforce Trailhead – Data Cloud Training Jul 2025 – Nov 2025

- Gained hands-on experience collecting, organizing and connecting real-time data in Salesforce Data Cloud.
- Learned how businesses unify customer data to deliver personalized customer experiences.

EDUCATION

SRM University AP 2022 – May 2026
B.Tech, Computer Science Engineering CGPA: 7.01

CERTIFICATIONS

- Java (Basic) – HackerRank, 2026
